THE BLOOD IS THE LIFE. NEW DISCOVERY. COMPOUND OXYGEN TREATMENT. SPERMATORRHEA, OR SEMINAL WEAKNESS.

A CURE GUARANTEED IN ALL CURABLE CASES OFFICE NO. 15 WEST TWENTIETH STREET, NEW

This is a disease which prevails to an alarming extent in the community. Medicines may be swallowed day after day, for months and even pears, but still there is no cure. The manifestations common to this condition are nervous debility, ensumption, constipation, dimness of sight, consumption of the tissues of the system, palpitation of the heart, loss of memory, aversion to society, dayapepsia, pain in the back and limbs, melancholy and insanity. Many and aimost daily are the benedictions we receive from this class of sufferers, who come to us in misery and gloom, and who, after receiving rour treatment a few days, or at farthest in the worst cases, as many weeks, experience a permanent curs. If our discovery was only applicable to the curse of this one disease that of itself would stamp it one of the receives the same of the same and the disease is pronounced curable Dr. Brown will guarantee a cure in all cases if the patient desires.

"The medical agent used by Dr. Brown in this results for

After an examination and the disease is pronounced curatic Dr. Brown will guarantee a cure in all cases if the patient
desires.

The medical agent used by Dr. Brown in his practice is
Compound Oxygen or a combination of essential gases,
which chemists and scientific men have been trying to form
for centuries, but without tangible results till the recent important discovery was made. This remedial agent is entirely different in composition and effects from all other
systems of treatment for diseases peculiar to the human
family. It would be impossible in this limited space to enter
fully into the philosophy and great advantages to be derived
by this method of treatment; but suffice it to say that ozygen
is the great removator of the body and all sufficient in a
healthy organism, provided it be pure and annels in quantity.
But as disease progresses and the blood becomes loaded with
effets matter, inflammation, local or general, is induced, and
the whole structure is in danger. To removate the blood, the
source of healthy secretions, is sarrely the way to repair the
mischleft; and as pure air is saudicent only for healthy conditions, it is incapable of promptly overcoming diseased conditions, it is incapable of promptly overcoming diseased conditions, it is disease, then, the demand for-a greater supply
must be met by a larger supply of the life-giving agent.

The Compound Ozygen Treatment is applicable for the cure
of all diseases caused by an impure condition of the blood.
P. Brown's office is crowded daily with antious inquirers
reintive to this treatment.

Consultation and examination free.

All inquiries by lettor will se answered, and all necessary
information given by exiling upon.
